The Holocaust....What Have We Learned?

darkness and unloaded on the northern tip of Gusdalcanal. Naval officers explained that the Mipponese must more waships to within 100 miles of the sistend which the dash to the island and out again before daylight. This would place them within easy reconnaissance and bombing range of American planes.

## Sixteen Missing From United Nations Vessel

An East Coast Port, INS — Sixteen men are missing from the crew of a United Nations vessel torpedoed and sunk in the Atlantic late in September, survivors reaching this port revealed

aged to cling to debris after the anip went down so fast it we impossible to free the life boat Later the men made their was to three life rafts and a partiall destroyed life boat found floating in the water.

The survivors lashed the raft and boat together and after to days and nights were picked u by a Norwegian vessel and take to a South American port.

## Nazis Plan to Kill All Jews

■ Washington, INS—Reporting that more than 2,000,000 Jews in Hitler Europe already have been slain by the Natis, Rabbi Stephen S. Wise, chairman of the World Jewish Congress, left the prediction today that the German dictator plans to exterminate all of Europe's 4,000,000 Jews in the few remaining weeks of 1942.

Dr. Wisc, who said State department sources had confirmed reports of the Hitler plan for Jewish annihilation, announces he would disclose full, documented details of the program in New York this afternity than the program of the pr

Following a conference at the State department, Dr. Wise rewealed these startling facts: Hitler's physicians are using air bubbles injected into arteries

The Naxis have set a price of 50 Reichsmarks for each Jewisleorpes.

Allied headquarters said that German air assaults now are being devoted mainly to strafing attacks on the advancing Allied columns

One American parachute unit defending an airfield which they captured, ran into an enemy armored column, smashed it up and drove the remnants off after taking 11 prisoners.
